

Forecast For Northeast England
Issued by Met Office Exeter
at 0400 on Friday 16 Jul 2021

++ Valid for broadcast between 0600 and 1800

Headline:

Dry and locally hot, especially Saturday.

Today:

Any early mist and fog patches quickly dissipating to leave another fine and dry day, with plenty of sunshine. Generally feeling warmer than Thursday, with light breezes, although these will become onshore to keep coastal areas slightly cooler than inland. Maximum temperature 26 deg C (79 deg F).

Tonight:

Warm, dry and sunny this evening. Overnight largely clear skies, with just a little patchy cloud possible. Some pockets of mist and fog may form in rural areas. Minimum temperature 14 deg C (57 deg F).

Saturday:

Dry with plenty of strong sunshine, and generally feeling very warm or locally hot with light winds. The wind becomes onshore in places, keeping some coastal areas a little cooler. Maximum temperature 30 deg C (86 deg F).

Outlook for Sunday to Tuesday:

Generally warm or very warm, and with a chance of isolated inland afternoon showers developing Monday and Tuesday. Also a chance of occasional low cloud and drizzle for coastal areas.
